EXPERIENCE

RTI International

Research Public Health Analyst III

Jun 2021 to Present

Clients include Centers for Disease Control and Prevention, National Institutes of Health, Food and Drug Administration, MD Anderson Cancer Center

- Provide coordination and leadership as the Associate Project Director for formative work and message testing on a public health campaign. Onboard new team members onto project, write monthly progress reports, complete and submit IRB and OMB documentation. Summarize known research in literature reviews, project summaries, and insight synthesis documents.
- Contribute expertise as the quantitative lead or analytic support on three community-focused research or evaluation projects. Create shared measures and help stakeholders understand the importance of shared metrics. Develop implementation and outcome evaluation survey tools. Report on survey findings using best practices in communication science and data visualization.
- Coordinate project assessment activities as the evaluation co-lead on a precision medicine project. Lead development and implementation of process evaluation tools and develop reporting mechanisms for incoming data. Support coordination and execution of focus groups and integrate findings with quantitative results.
- Serve as the Communication Practice Area Liaison for Climate Change projects. Engage in conversations across the institute to scout upcoming climate-related work and contribute to proposals with a climate communications focus.
- Consult as a data visualization resource across projects and domains. Present data visualization best practices at multiple levels of the organization.

U.S. Army Public Health Center

Public Health Scientist, GS-13

Oct 2017 to Oct 2020

- Led nine Army public health evaluation projects including environmental scans, needs assessments, evaluability assessments, community health assessments, process evaluations, and outcome evaluations.
- Consulted on design, methodology, statistical analysis, and/or reporting for over 30 public health evaluation proposals or projects.
- Managed a team of 11 fellows and contractors providing evaluation support for internal and external stakeholders. Provided mentorship in research and evaluation scoping, responsible data management practices, data analysis and reporting, and data visualization.
- Earned a four-month temporary promotion to Acting Division Chief (GS-14) with oversight of 30 evaluation and consultation projects and 22 scientists, evaluators, and contractors.

- Collaborated with peers and leaders to establish a scientific review process including developing a workflow, training reviewers, writing a policy, and serving as committee chair.
- Participated as a voting member on the Army Public Health Center Public Health Review Board (ethics board) reviewing project proposals.
- Coordinated a strategic effort to improve accessibility of information products, incorporating visualizations, graphics, and clear, bottom-line findings.
- Facilitated the development of a new strategic office, guiding a team of 13 leaders through information sharing and consensus-building. Delivered a phased proposal and list of critical personnel for initial operating capacity.
- Led and contributed to process improvement efforts including streamlining the onboarding process for new hires and developing branding and formatted templates for standard public health assessment products.

Quantitative Data Analyst, Oak Ridge Institute for Science and Education *Jun 2015 to Sep 2017*

- Held an educational fellowship position to hone program evaluation skills within the Army.
- Served as a technical subject matter expert, consultant, and analyst evaluating seven Army public health programs.
- Executed program evaluation projects from stakeholder engagement to data collection and analysis through reporting and final presentation.

University of Toledo, Integrating Social Psychology and Health in Research (InSPHIRE) Lab

Graduate Research and Teaching Assistant

Aug 2011 to May 2015

- Designed and conducted experimental and survey research. Executed projects spanning social and health psychology, placebo effects, decision-making, and culture.
- Managed project implementation and data entry of research assistants.
- Prepared and taught courses in introductory psychology, research methods, and statistics to undergraduate students.

Oregon State University, Beaver Emotional Intelligence Project (BEIP)

Lab Supervisor

Sep 2008 to Jun 2011

- Led a novel research practicum which included guiding participants through ten weeks of psychological tools and personality-revealing activities. Served as the in-class instructor for 90% of class meetings for six cohorts of participants.
- Managed, supervised, and trained up to twelve research assistants to support the research experience each quarter. Conducted weekly lab meetings to ensure synchronization.
- Analyzed and reported longitudinal cohort data.

Lead Data Technician

Jul 2007 to Sep 2008

- Managed data technicians and supported data entry and daily data collection within the previously-described research practicum.

SKILLS AND SOFTWARE

Listed here are relevant skills and software of which I **know** the concepts, **execute** routinely, and can **manage and direct** others in their application. Half circles represent some experience; empty circles are room for growth.

	Know	Execute	Manage	
Research/Evaluation Consulting	●	●	●	R/R Studio, SPSS, SAS, Stata ● ● ●
Research/Evaluation Design	●	●	●	Basic data analysis (e.g., t tests, ANOVA, chi-square), advanced data analysis (e.g., regression, MANOVA, latent models), graphical presentation.
Quantitative Methods (e.g., surveys, scales, secondary data)	●	●	●	M-Plus ● ● ◐
Qualitative Methods (e.g., focus groups, interviews)	●	●	◐	Advanced analysis (e.g., structural equation modeling, factor analysis).
Basic Statistical Analysis (e.g., sampling, descriptive statistics, t-tests, ANOVA, regression)	●	●	●	Microsoft Office Suite ● ● ●
Advanced Statistical Analysis (e.g., time series, latent models, multivariate, categorical data)	●	●	◐	Basic data analysis in Excel, graphical presentation in PowerPoint and Publisher.
Qualitative Analysis (e.g., content analysis, grounded theory)	●	◐	○	D3.js ● ● ◐
				Basic visualizations, choropleth maps.
				Data Visualization ● ● ◐
				(e.g., tables, graphs, figures, infographics; using Excel, PowerPoint, Tableau, D3, R)

EDUCATION

- 2015 **PhD in Experimental Psychology, University of Toledo, Advised by Andrew L. Geers, PhD**
Dissertation: The Effect of Culture and Advisor Characteristics on Treatment Outcomes
- 2011 **MA in Psychology, Oregon State University, Advised by Frank J. Bernieri, PhD**
Interdisciplinary Studies (Minors): Statistics, Human Development and Family Sciences
Thesis: Personality Perception Accuracy Development within Newly Acquainted Groups
- 2009 **BS in Psychology with Honors, Oregon State University, Advised by Frank J. Bernieri, PhD**
Thesis: Perceiving Big Five Traits at True Zero Acquaintance

HONORS, GRANTS, AND AWARDS

- Early Career Author Award, RTI International, 2022
- Wolf Pack Award, COVID-19 Task Force, U.S. Army Medical Department, 2021
- Civilian Service Achievement Medal, U.S. Department of the Army, 2019
- Summer School Attendee, European Association of Social Psychology, Aug 2014
- Meritorious Student Abstract; Citation Award, Society of Behavioral Medicine, Mar 2013
- Ford Family Foundation Scholarship Recipient, Sep 2005-Jun 2009; Aug 2012-May 2014
- RISE Research Award Honorable Mention, Association for Psychological Science, May 2012

PROFESSIONAL SERVICE

Programs Director

Jan 2021 to Present

Data Visualization Society

- Lead efforts surrounding recurring programming for the Data Visualization Society, a professional organization designed to nurture, celebrate, and advance individuals who do data visualization as all or part of their job or as a hobby. Built and currently manage the Mentorship Program, plan and moderate live-streamed Fireside Chats, and organize the annual State of the Industry Survey and associated State of the Industry Report.

Project Manager, DataCorps Project for Community Lattice

Jun 2021 to Dec 2021

DataKind

- Supported a team of data scientists as they executed exploratory data analyses and built initial models for a project focusing on brownfields redevelopment. Developed interim reporting slides and coordinated final report including writing narrative and creating visualizations. Helped translate data science findings to client when needed.

Facilitator, Strategy and Quality Office Development Team

Jan 2020 to Sep 2020

Army Public Health Center

- Guided a team of 13 leaders from each of the Center's Directorates and Offices through development of a plan for a new strategic office. Engaged in consensus-building and facilitated dialogue to deliver a phased proposal for critical capabilities of personnel within the office.

Team Lead, COVID-19 Task Force

Mar 2020 to Jul 2020

Army Public Health Center

- Organized efforts surrounding the COVID-19 public health crisis to coordinate the Center's response to Army and Department of Defense needs. Co-led a team of up to 17 people to provide timely and accurate responses to leaders' questions and needs.

Voting Member, Public Health Review Board

Dec 2018 to Sep 2020

Army Public Health Center

- Served as the Directorate representative to the Center's ethics board (comparable to an Institutional Review Board); reviewed project proposals for human protections considerations.

Acting Chair, Center Scientific Review Committee

Jul 2019 to Jun 2020

Army Public Health Center

- Coordinated the scientific peer-review of project proposals prior to their examination by the ethics board. Contributed to the Center's Scientific Review policy and established a review process to enhance the scientific rigor of project proposals across the technical Directorates.

Co-Chair, Division Scientific Review Team

Jan 2017 to Sep 2019

Army Public Health Center

- Developed and co-chaired an internal scientific peer-review process for Division-level project proposals and products (e.g., slides, reports). Coordinated the review of over 60 documents.

Section Lead, Health of the Force Report

Jun 2015 to Sep 2020

Army Public Health Center

- Contributed to the Army's largest annual health surveillance report and its annexes (e.g., the Army National Guard Health of the Force). Synthesized sleep, activity, and nutrition behavior data and consulted on metric visualization and report format.

Lead, Health of the Army Family Report*May 2018 to Sep 2020*

Army Public Health Center

- Led a team to design the Army's first companion report to the Health of the Force, focusing specifically on data relating to Army beneficiaries (e.g., spouses, children). Coordinated report content with a broader Health of the Army Family Strategic Objective.

Action Officer, Talent Management Strategic Objective*Jan 2018 to Aug 2019*

Army Public Health Center

- Facilitated a cross-disciplinary team to scope and begin implementation of a Center-wide revision to the talent management strategy. Provided quarterly updates to the Center Director.

Experimental Psychology Graduate Student Representative*Aug 2012 to May 2015*

Department of Psychology, University of Toledo

- Served as a liaison between faculty and graduate students. Arranged and conducted prospective student interviews. Provided first-year students information regarding departmental policies and supported their transition to graduate student life.

Health Science Secretary*May 2013 to Jun 2014*

Graduate Student Association, University of Toledo

- Represented graduate student interests at the University of Toledo. Created meeting agendas, recorded meeting minutes, served in office hours to answer graduate student questions.

Website Design*Sep 2012 to Feb 2014*

Social Personality and Health Network

- Designed and maintained the website for the annual Social Personality and Health Network Preconference for the Society for Personality and Social Psychology.

Student Representative*Jul 2012 to Apr 2014*

Division Student Representative Network, American Psychological Association of Graduate Students

- Facilitated communication between divisions within the American Psychological Association and represented the voice of graduate students for the Society for Personality and Social Psychology.

Member-at-Large*Jan 2012 to Mar 2014*

Graduate Student Council, Society for Personality and Social Psychology

- Planned and organized graduate student events for the Society for Personality and Social Psychology annual conference. Led content and design of quarterly publication.

Psi Chi Graduate Student Panel*Fall 2011, Fall 2012, Spring 2013*

Psi Chi National Honor Society, University of Toledo

- Served as a panelist to answer undergraduate questions about the graduate school application process (Fall) and careers in psychology (Spring).

Student Co-Coordinator, Mentoring Lunch*Dec 2011 to Jan 2012*

Social Personality and Health Network

- Assisted in the management and organization of the Social Personality and Health Network Society for Personality and Social Psychology Preconference 2012 Mentoring Lunch.
